### HOW TO MAKE THIS ROASTED CARROTS RECIPE STEP-BY-STEP

Here's the super simple process involved in making this carrot recipe for kids...and the rest of the family too!

**These baked carrot fries are a simple side to go with burgers or chicken and pair perfectly with ketchup.**

1. Preheat the oven and arrange your carrots on a cutting board.

2. Cut the ends off the carrots.

3. Peel the carrots.

4. Slice into matchsticks, each about the width of a pencil.

5. Place the sliced carrots onto a large rimmed baking sheet and toss with the olive oil and salt.

6. Spread out as evenly as possible.

7. Bake until just starting to brown and are soft in texture.
