

February 2025

NEW
UPDATE

-  The GANSI menu only denotes the grain component served for each day.
-  Centers are required to indicate which meal a whole grain is served each day.
-  Centers are to record menu(s) into KiKare and/or apply master menu starting January 2025.
-  Any changes to your posted menu? Updates must be reflected in KidKare to match posted menu.

GANSI does not provide 1099 tax documents. However, centers can retrieve tax reports in KidKare via....
Reports>Checkbook> Tax Summary>Select Year

Children can not be marked for meals on Weekly Attendance and Meal Count Sheet if the sign in/out sheet does not reflect that child was in attendance.

During GANSI's January team meeting, we measured different brands of chicken nuggets, corn dogs and pizza rolls to see how many pieces are needed for each age group per CACFP requirements. Below are some pictures of our experiments.

Attached is a copy our "cheat sheet" so you have a reference of how many chicken nuggets and corn dogs can be served to each age group.
